Good day Tania,

You have our enthusiastic permission to use images from our websites as you describe, providing your use does not prevent anyone else from also using the original images on the website.

For each image, as it is used, our preferred form of citation is:
Reproduced (or adapted) with permission from http://www.brains.rad.msu.edu, http://brainmuseum.org, and/or http://neurosciencelibrary.org, supported by the US National Science Foundation and the National Institutes of health.

Subject: Use of sheep brain atlas

Dear John,

I am a PhD student at the University of Auckland in New Zealand. I am writing to ask permission to use one of your labelled coronal section images from the sheep brain atlas in my doctoral thesis. I would greatly appreciate if you would allow this and I will be sure to cite both the website and the funder.

Thank you very much and kind regards,

Tania
