

Co-Authorship Form

This form is to accompany the submission of any PhD that contains research reported in published or unpublished co-authored work. **Please include one copy of this form for each co-authored work.** Completed forms should be included in all copies of your thesis submitted for examination and library deposit (including digital deposit), following your thesis Abstract.

Please indicate the chapter/section/pages of this thesis that are extracted from a co-authored work and give the title and publication details or details of submission of the co-authored work.

Fyfe E, Anderson N, North R, Chan E, Taylor R, Dekker G, McCowan LM.
 Risk of First-Stage and Second-Stage Cesarean Delivery by Maternal Body Mass Index Among Nulliparous Women in Labor at Term.
 Obstet Gynecol 2011;117(6):1315-22. DOI: 10.1097/AOG.0b013e318217922a

Nature of contribution by PhD candidate: Data collection, study design, analyses planning, data interpretation, manuscript writing
 Extent of contribution by PhD candidate (%): 80%

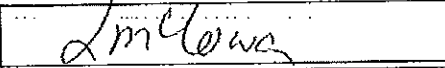

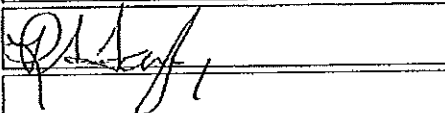

CO-AUTHORS

Name	Nature of Contribution
Prof Lesley McCowan	Study design, analyses planning, data interpretation, manuscript editing
Ngalre Anderson	manuscript editing
Prof Robyn North	Study design, analyses planning, data interpretation, manuscript editing
Eliza Chan	Data analyses
Rennae Taylor	Data collection, manuscript editing
Prof Gus Dekker	Manuscript editing

Certification by Co-Authors

The undersigned hereby certify that:

- ❖ the above statement correctly reflects the nature and extent of the PhD candidate's contribution to this work, and the nature of the contribution of each of the co-authors; and
- ❖ in cases where the PhD candidate was the lead author of the work that the candidate wrote the text.
